## Got a Bright idea?

Share your idea at the **Idea Corner** and you may win some moola.

Your idea may pay big rewards. Here is a chance to bring your idea on how to improve snow removal operations at airports and win some money to boot. You can win as much as \$200.00 and at the same time help out other airports by sharing your idea.

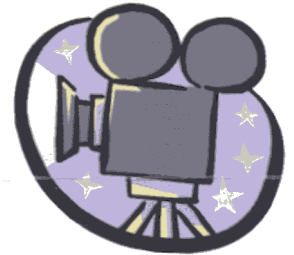

Open to anyone in airport management, operations or maintenance, your **IDEA** should relate to winter weather conditions at an airport such as snow or ice removal, equipment modifications made exclusively by the entrant and not a manufacturer, devices to better measure runway or airport weather conditions, etc..

Judging will be by ballot during the Snow Symposium. First place will receive \$200.00, second place will receive \$100.00, and third place will receive \$50.00.
