

D'Achille, Darren, PE, is the Aviation Section Head for the Philadelphia Office of Johnson, Mirmiran & Thompson. With over 17 years of aviation engineering experience, Darren has led airfield design and construction projects at major commercial and military airports across the U.S. His work focuses on runway, taxiway, and apron improvements; project management; and technical leadership for complex aviation programs.

Darren is a Professional Engineer with Bachelor's Degrees in Civil Engineering and Architectural Engineering, and a Master's Degree in Engineering Management. In his personal life, he enjoys coaching his children's youth sports teams and spending time in the outdoors hunting or camping with his wife and four children.
